Surplus Line Association of Illinois					
Categories			Codes		
Cat #	Cat Desc	Code #	Code Description	% of Premium To Which 1% FMTax Applies	Notes
<b>10 Property (including excess)</b>					
		1001	Fire	100%	Straight Fire Policies (Includes Basic Coverage). <del>Straight Terrorism Policies are filed under this category.</del> 1% FM Tax applies to the entire premium.
		1002	Allied Lines	25%	When Allied Lines are shown as a separate and distinct premium, they can be broken out into this Coverage Code and the 1% FM Tax is assessed against 25% of the premium.
		1003	Excess of Loss	55%	1% FM Tax applies to 55% of the premium.
		1004	Earthquake, Flood, Windstorm	25%	<del>For earthquake, flood and windstorm policies.</del> The 1% FM Tax applies to 25% of the premium.
		1005	Flood	0%	
		1006	Terrorism (Property Only)	100%	1% FM Tax applies to the entire premium.
		1007	Windstorm	0%	
<b>15 Crop Hail</b>					
		1500	All	1%	1% FM Tax applies to only 1% of the premium.
<b>17 Difference In Conditions</b>					
		1700	All	0%	
<b>20 Multiple Peril</b>					
		2001	Farm Owners	40%	1% FM Tax applies to 40% of the premium.
		2002	Home Owners	40%	1% FM Tax applies to 40% of the premium.
		2003	Commercial (SMP)	40%	For Commercial Multi-Peril, Special Multi-Peril or Commercial Package policies only (that would typically include CGL, commercial property, business crime, business auto, boiler & machinery, and/or inland marine coverages). These policies are often (but not always) labeled as "package" or "multi-peril" policies and include commercial package, CMP, or SMP forms that apply to all the underlying coverages. If you use this coverage code, charge the 1% FM Tax against 40% of the total policy premium. If you want to charge the FMTax only against the property portion, enter multiple coverage code lines (for example: property under 1001, inland marine under 3001, CGL under 5001, etc.).
		2004	Multiple Line	40%	For a policy that combines multiple coverages into one policy, but is not a Commercial Multi-Peril, Homeowners, or Farmowners policy. For this coverage code, charge the 1% FMTax against 40% of the total policy premium. To charge the FMTax only against the property portion or inland marine portion, or any other portion to which FMTax applies, enter multiple coverage code lines (for example: property under 1001, inland marine under 3001, CGL under 5001, commercial auto liability under 7502 etc.). Because this category charges FMTax, do not use it for policies that only have liability-type coverages. Multi-line policies that only include liability coverages should be entered with multiple coverage code lines if you have a breakout of the premium between the different lines. Otherwise, use Miscellaneous Liability from the Liability-General category (code 5004).
		2005	Terrorism (Combo Property/Liability/Other)	40%	1% FM Tax applies to 40% of the premium.
<b>22 All Risk &amp; "Special" Property Form</b>					
		2200	All	50%	All Risk Property (any coverage using an "all-risk" or "special" form). 1% FM Tax applies to 50% of the premium.
<b>30 Inland Marine</b>					
		3001	Jewelers & Furriers Block; All Floaters	15%	Includes Builders Risk, Motor Truck Cargo & Securities Risk. 1% FM Tax applies to 15% of the premium.
